Families can picnic on the main lawn with tasty treats from the café or the delicious food vendors. Capture precious memories together with a free family photo taken by the experts at Venture Studios.

About Fulham Palace

Fulham Palace is the historic home of the Bishops of London. Purchased in AD 704, for centuries the Palace and surrounding estate served as a country retreat for the Bishops and their families, later becoming the Bishop's permanent residence in the early 20th century until the last Bishop moved out in 1973. The Palace and 13-acre botanic garden are now managed by Fulham Palace Trust, an independent charity dedicated to the ongoing preservation, restoration and interpretation of this historically important site.

The Palace is a Grade I listed building and the historic Tudor walled garden is the second oldest in London. Today the Palace is free to visit and the museum is open daily.

How to get there:

Main entrance: the end of Bishop's Avenue by gates to Bishop's Park.

Bus: 14, 74, 220, 414, 430.
