

THE FULHAM SOCIETY'S FRONT GARDEN COMPETITION

We are launching another competition for the Best Front Gardens. This is to reward the efforts of those Fulham residents who have created attractive front gardens, balconies and planters which the whole community can enjoy.

Do enter the competition. Deadline for entries 30th June.

Fulham has blocks of flats that are greatly enhanced when their balconies are adorned with flowers, so we include Balconies visible from the pavement in our Window Box and Planters category. As previously, the competition also includes window boxes and planters.

PLEASE JOIN THE FULHAM SOCIETY

This competition is open to all Fulham Residents including our members. Please consider joining the Society to help us make a difference to your Borough. We influence planning issues at an early stage and watch over other topics of local interest: open spaces, trees, transport, parking, and community services. The more members we have strengthens our lobby to keep Fulham a special area.

All information is on our website: www.fulhamsociety.org

We would love you to join us!
